SUPERVISORS HOLD REGULAR MEETING

The board of supervisors met in regular session Monday, September 15, there being present D. E. Blackburn, James T. Casey, Joseph M. Francis and John MacBain.

On motion of Francis, seconded by Casey, MacBain was chosen to preside.

A communication was received from Ephraim Velasco protesting against the board's appraisal of \$250 as the value of his horse, killed in the recent wreck of a bridge in the Fifth township. He claimed a loss of \$300. The communication was ordered filed.

Joseph DeBenedetti, Henry Danoli and A. T. Gilcrest of Halfmoon Bay petitioned the board for permission to erect and maintain a septic tank in the creek bottom near the Main street bridge. Permission was granted on motion of Francis, seconded by Blackburn, the tank to be erected under the supervision of the member from the Fourth district.

M. F. Brown, chief of the motorcycle squad, made the following report:

Officer Lowans worked 14 days, 1 arrest, 1 conviction, fine \$15.

Officer Logan worked 14 days, 3 arrests, 3 convictions, fines \$50.

Officer Vallejo worked 12 days, 4 arrests, 2 convictions, 2 cases pending, fines \$35.

Officer Brown worked 13 days, no arrests.

Total fines \$100.

A communication was received from the state board of health giving notice that that body would meet with the League of Municipalities at Venice October 6 to 11, and inviting the county health officer to be present.

On motion of Francis, seconded by Casey, it was ordered that Health Officer Beattie attend as a delegate from this county, his expense to be paid by the board.

A communication was received from the Civic Betterment League of Daly City congratulating the board on its success in disposing of road bonds to the amount of \$252,000. The communication was accepted and filed.

The following bids were received for erecting a concrete culvert on School street in the First township:

John Biggio, \$4065; time, 60 days; extra concrete, \$14.

Tieslau Bros., \$3688; time, 60 days; extra concrete, \$14.50. Should contractor be required to grade the approaches to the bridge an additional charge of \$350 will be made.

On motion of Casey, seconded by Blackburn, the contract was awarded to Tieslau Bros. at \$3688.

The following bids were received for constructing a concrete bridge across Wood's creek in the Fourth township:

C. Christensen, \$3600; time, 35 days; extra concrete, \$8.80.

John Biggio, \$3840; time, 60 days; extra concrete, \$14.

Tieslau Bros., \$5472; time, 60 days; extra concrete, \$18.25.

On motion of Francis, seconded by Blackburn, the contract was awarded to C. Christensen, the lowest bidder.

The hearing on the incorporation of San Bruno was continued until the next meeting, with the consent of all parties concerned.

H. C. Tuchen and W. J. Martin addressed the board asking that the Development association be permitted to reserve space at the land show, to

be held in San Francisco during October, for the purpose of displaying the county's industries.

A. L. Harrigan of the San Francisco Realty Board spoke on the purposes of the exhibit, stating that many of the interior counties and all of those surrounding the bay had taken space and would have exhibits.

It was the sense of the board that should it be shown at the next meeting that a creditable county exhibit would be gotten up an appropriation would be made to secure the necessary space.

District Attorney Swart stated that \$310,000 of the county's bonds would be taken on Tuesday, September 16, and the remaining \$40,000 of the recent sale would be taken very soon. He congratulated the board on the successful sale of the bonds.

Communications were received from the state librarian at Sacramento and from Mrs. George A. Merrill of Redwood City relative to and favoring the establishment of a county library. The communication was filed.

J. R. Price delivered an instructive address on road building and exhibited a specimen of pavement composed of asphaltum and macadam which has been successfully used in many parts of the state.

A communication was received from the state comptroller notifying the board that the amount of interest for the state highway that had been charged to the county was \$5883.35, for which a tax would have to be provided.

Auditor Underhill presented the financial statement of the county, which was accepted on motion of Casey, seconded by Blackburn.

Notice was received from the state board of equalization to the effect that a tax of \$0.042 on each \$100 of valuation had been imposed for the Panama-Pacific exposition fund. The communication was accepted and filed on motion of Francis, seconded by Blackburn.

Auditor Underhill presented his estimate of the tax rate that would be required to meet the expenses of the county during the coming year, which was given careful consideration by the board, after which the following resolution was adopted on motion of Mr. Blackburn, seconded by Casey, definitely fixing the tax rate:

Resolved, that by virtue of the authority vested in the Board of Supervisors by and under the provisions of Section 2714, Chapter V, Article 2 of Part 3, of the Political Code as amended: It is hereby ordered that the rates of taxes levied by the Board of Supervisors of the County of San Mateo, State of California, for the fiscal year 1913, for State and County purposes upon each one hundred dollars of the assessed valuation of the property in the County of San Mateo, State of California, be and the same are hereby fixed and ordered collected as follows:

A communication was received from the American Bankers' Trust-Proof Time Lock company of Cincinnati, offering to keep the lock in the safe recently installed in the treasurer's office in good order for a period of two years without cost and thereafter at a charge of \$9 a year.

On motion of Casey, seconded by Blackburn, the offer was accepted.

On motion of Blackburn, seconded by Casey, MacBain was authorized to substitute the Middlefield road for the Woodside road, to be rebuilt this year under the bond issue, it being Mr. MacBain's opinion that to attempt the latter highway at this late season of the year would result in great inconvenience to the traveling public.

On motion by Blackburn, seconded by Francis the supervisor of the Fifth township was authorized to repair the Britton bridge at a cost not to exceed \$75.

CITY OFFICIAL PAPER

D. E. O'KEEFE, Editor and Proprietor

Old Sol has been doing his damndest during the week and as a result we have been enjoying the hottest weather known in this section for a decade or two and to make matters worse and our collars chafe more comes Father Ricard of Santa Clara College and makes the statement that we will have two more dry years. And to make us feel still worse we have great faith in Father Ricard's prognostications. Verily times will be lean and hungry with the added years of drought.

A WISE INVESTMENT.

The purchase of \$25000 worth of 5% school bonds by the County treasurer is a good move in the right direction. There is no time in the year when there is not from \$100,000 to \$150,000 on hand in the treasury. There is no reason why some of this surplus should not be drawing a good rate of interest. This interest will help in many ways and the redemption of the bonds year by year will allow the treasurer to make other purchases which may help materially in the reduction of the tax rate. Then too the bonds may later be sold at a good premium if the Treasurer so desires. This kind of a move towards Socialism is a good one.

SHOULD ANNEX WATERFRONT.

In ten years time the bayshore property adjoining Redwood City will be very valuable. The Deep Water frontage is as fine as can be found anywhere on the bay. A vessel of any draft can find a safe harbor there. In ten years time Redwood City will have outgrown its present bounds. Nothing can stop it. The influx of a foreign population upon the completion of the Canal will force the growth of every community adjacent to San Francisco.

Redwood City should annex all of the marsh land to the bay shore. The owners of this land use the streets and sidewalks, stores and post-office of Redwood City and the land thus secured would be help in many ways. Some day we might want this territory. We should take it now and take it quick. When factories are there it is doubtful if we can annex this section.

A MANLY MAN GONE.

The pathetic death of Charles de Young, publisher of the Chronicle and only son of Mr. and Mrs. M. H. de Young, calls forth the deepest sympathy of the people of the State of California who have watched the young man's career with interest. Death is sad at all times but when it comes in the morning of life to one so full of promise it is all the more so. Charles de Young was beloved by his associates and those about him in his daily work of managing the Chronicle. His kindness and consideration for his employees was the chief characteristic of his life and a virtue that endeared him to them. Mr. de Young was one of the most public spirited men in the state. He was always willing to lend his aid to every worthy project. His loss will be deeply felt and in his death the commonwealth loses a worthy and most exemplary young man. His parents have the sincere sympathy of the people in their sad bereavement.

LOCAL NEWS NOTES.

Mr. and Mrs. Stevens of Oakland have been here during the week visiting with their son, Rev. C. H. Stevens.

Miss Amy Harlow of Oakland is spending a few days with friends in Redwood City.

The finest line of fall goods ever seen in this city has been opened by Gabo Einstein.

Ralph Dodge, who has been visiting his sister, Mrs. Spoolman, in Kansas for the past three weeks, returned Thursday. Mr. Dodge had a most enjoyable vacation but encountered some very hot weather in the Middle West.

Frank Nickerson, a former resident of this city, but now living in the southern part of the state, is visiting with friends here.

A piano has been purchased from the Wiley B. Allen company and will be placed on exhibition in a store on Main street, previous to its being raffled for the benefit of the Catholic church.

Mr. and Mrs. Fred Lamb left Friday to attend the state fair at Sacramento, after which they will resume their journey to Portland and Seattle. They will be gone about ten days and are in expectation of having a very pleasant time.

Gen. Geo. S. Evans Relief Corps will be inspected by the department inspector, Jennie E. Dravo, at the regular meeting October 10th. Officers and members will take notice. The next regular meeting on September 26th will be devoted to drill work.

E. W. Magruder and family have just returned from an interesting motor trip to Los Angeles, having travelled south by way of the different coast roads, returning via Bakersfield and the inland roads. The party met with no accidents but plenty of hot weather in the oil field section, and are glad to be back to Redwood.

C. M. Doxsee has edited and published a neat volume of the proceedings of

the fiftieth anniversary celebrations of the Congregational Church, held late last year. All of the speeches made on that occasion, as well as the pictures of church officials and the several pastors are included. The book is very tastily arranged and neatly printed and is the work of the Times-Gazette job department.

The new time table of the Southern Pacific Company goes into effect tomorrow. There are many material changes in the new schedule. A Redwood City special has been put on. It will arrive here at 6:15 o'clock and depart at 6:43 p. m. The train promises to be a very popular one for those desiring to go to San Francisco late in the evening. The train leaving here at 8 a. m. for southern points will be retained.

D. W. Davis, brother-in-law of Dr. Taggart, died in Woodside Sunday, aged 60 years. He was born in Carbondale, Pennsylvania, and came to this state several years ago. For some time Mr. Davis had been an inspector in the Oakland street department. The body was shipped East for burial in the family plot at Carbondale.

Reward Distributed.

The Pacific Gas and Electric Company has distributed \$2000 as a reward for the arrest of Walter Thomas, the dynamiter who was caught in this city last June and sent to Folsom for one year by the Superior court of San Jose for destroying the company's light and power poles near Mountain View.

Under Sheriff Shields, who assisted in the arrest of Thomas in the Tremont House, will receive \$150 for the part he took in the case and \$600 will go to the other officers. The balance of \$1250 will be paid to the person who gave the information that led to the apprehension of Thomas. The identity of this party has not been made public.

WOODSIDE NOTES.

John Cunningham has entered the Cates school at Montecito, Santa Barbara county, for a full course. Kenneth Goad McIntosh has matriculated in the same institution. Both are bright boys and will make records at the school.

J. M. O'Brien, who lives at his beautiful home on the Woodside road, departed for the city during the week. Owing to the scarcity of water he was compelled to close his home. He is one of the best known mining men in the state.

NEWS GATHERED FROM THE COUNTY

Interesting Notes Picked Up By Hustling Reporters in the Country Districts.

SAN BRUNO NOTES.

George Koen has resigned his position as salesman for the bookbinding firm of Althoff & Bahls and has accepted a similar situation with R. S. Gee & Son, Clay street, San Francisco.

Mrs. J. P. Weisel, who has been in the German hospital, San Francisco, for the last ten days, is improving and will be able to return home very soon.

Admission day left an impression on this town not soon to be forgotten. Since that date a successful picnic given by the firemen has been the talk of the town. Frank Jacobson, floor manager of the dancing platform, got into an altercation with a party of visitors hailing from other peninsular points who were bent upon introducing forbidden dances. Jacobson asked one of the parties to desist, at which he took umbrage and Jacobson was struck and felled to the floor. As he lay unconscious Dr. Smith was called, but in spite of the skill of the physician Jacobson remained in that state for an hour and a half and since that time has been at the Red Cross hospital, where he was removed for treatment. Warrants have been served for the arrest of the offending parties.

By way of relaxation and to forget the high cost of living and trials of life, L. Fonte, the champion horseshoer of San Bruno, drove in his surly with his family to the moving picture show Sunday night. While there, the harness was removed and Fonte's horse was given a kick in the ribs, at which the horse moved right along and kept moving for two days before being found. Upon discovery of the situation Fonte's indignation was justly aroused and he sought warrants in the justice's court for six of the perpetrators. A rehearsal or recital of Sunday evening's open-air performance will therefore take place next week in a real moving, talking show, without price of admission.

Mrs. William Muller, who has been seriously ill at the Red Cross Hospital, is convalescing and able to return to her home.

Mr. Kennedy, who has charge of the wireless station at South San Francisco, has leased the Bacon residence in the third addition.

Born, in San Bruno, September 6th, to Mr. and Mrs. Ben Schuster, a son.

Mr. Pfleger, who has been in ill health for some time, has gone to San Diego, making the trip by steamer in hope of securing benefit from the outing.

Incorporation is still the leading theme in San Bruno, where it is almost universally regarded as the one thing necessary for making this an ideal residence and business spot. The people generally feel confident that in the end they will be given fair treatment by the Board of Supervisors and allowed to settle the question for themselves. The limits outlined in the petition are generally regarded as the only just lines for all concerned and it is to be hoped that in justice to this section no changes will be allowed.

SOUTH SAN FRANCISCO.

W. C. Schneider is improving and enlarging his store on Grand avenue.

Dr. A. G. Plymire is now occupying his new residence on Grand avenue.

The violet growers of South San Francisco, who produce practically all of these flowers offered for sale in the San Francisco markets, have contracted with the E. W. McLellan Company of Burlingame for their entire product for several years. Under their contracts the growers are assured prices ranging from 50c to 60c per dozen bunches.

E. Hickey is making extensive improvements in his flats on Grand avenue.

The volunteer hose company has announced a masquerade ball for Saturday evening, Sept. 20th, in Metropolitan hall.

Manuel Silva has purchased the A. Schmidt residence on Commercial avenue and will occupy it as his home. The latter will remove with his family to San Francisco.

SAN MATEO AND BURLINGAME.

The San Mateo Lodge of Elks held their annual "Oyster bust" at Coyote Point last Sunday afternoon. There was a large attendance of members of the order, including many visitors, and all thoroughly enjoyed the outing.

The opening of the Burlingame public school, which was originally announced for Monday of this week, has been postponed until next Monday in order that the building might be entirely completed before the opening of the school. The opening day will be marked by a flag-raising and other appropriate dedicatory exercises.

The ladies of St. Paul's Guild of Burlingame have announced another of their popular entertainments to be given next Friday evening, September 19th. The proceeds are to be used for the benefit of a fund recently started for the erection of a new church adjoining the guild hall.

FROM THE COAST SIDE.

Joseph Debenedetti and wife, who have been at St. Helena for the past month, have returned to their home at Halfmoon Bay. Mr. Debenedetti finds his health much improved as a result of the outing.

An entertainment will be given at Pillar hall at Halfmoon Bay on the evening of September 27th, to consist of a splendid literary and musical program. The proceeds will be used for the purpose of developing the water supply at the church.

Vista Del Mar Parlor, N. D. G. W., of

Halfmoon Bay, was visited at its last meeting by Mrs. A. F. Watt, the grand president of the order. After the regular session a banquet was served at the Occidental hotel. The Parlor was highly complimented by the Grand President for its work.

WALTER NOBS DIES SUDDENLY IN VENEZUELA

Otis M. Carrington received a cablegram this morning from Maracibo, Venezuela, announcing death of his brother-in-law Walter Nobs, at that place last Sunday. The cause of death was tetanus (lock jaw) but no particulars of the fatal illness were given.

The news of the death of the young man will be received with profound sorrow in this city, where he was born 23 years ago. Young Nobs left here last December for the southern republic, where he engaged in mining. He was a graduate of the local high school and spent three years and a half at Stanford, where he made a record as a brilliant student.

According to the health regulations of Venezuela the remains cannot be removed to this country for three years. The deceased was the youngest son of Mr. and Mrs. Frederick Nobs of this city, and besides his parents leaves three sisters and one brother to mourn his untimely death. The stricken family has the sympathy of the entire community in its bereavement.

SAN MATEO COUNTY PIONEER LAID TO HIS ETERNAL REST

Many Friends Pay Tribute to Memory of the Late Tony Schmoll.

With the simple but impressive services of the Episcopal Church, all that was mortal of the late Tony Schmoll, one of the pioneer residents of San Mateo county, were laid to their final rest in the family plot at Cypress Lawn cemetery on Tuesday afternoon. The last services were conducted by Rev. W. A. Brewer of Hillsborough, who has been a strong personal friend of the deceased since the days of his childhood. That the deceased was held in high esteem in the community in which he lived is shown by the large number who attended the funeral services, as well as by the many splendid floral offerings, mute attestations of sympathy for the living and tender regard for the dead.

The deceased was a native of San Mateo county, having first seen the light of day at Belmont, where his early youth and manhood were spent and where he still retained the friendship of the entire community. He was the son of the late John Schmoll and Mrs. Caroline Schmoll, the latter now a resident of this city. Besides his mother, he is survived by his wife, Mrs. Estelle Schmoll, two sisters, Mrs. H. W. Schaberg of this city and Mrs. Murphy of San Francisco, and one brother, George Schmoll of San Francisco.

For the past 25 years deceased was a resident of Eureka, Humboldt county, where he had charge of the United States life station. While on duty at that place he was taken with his last illness and it was there that his soul passed into eternity. The relatives of the deceased have the sympathy of the entire community in their bereavement.

CONGREGATIONAL CHURCH FIFTY-FIRST MILESTONE

The 51st annual business meeting of the Redwood City Congregational Church was held in the Odd Fellows Hall Thursday night. One hundred and seventy of the members and attendants of the church enjoyed the fine dinner which preceded the business session. Rev. C. H. Stevens called the meeting to order at 8:30 and the reports of the different branches of the organization were rendered. The report of the financial standing showed that over three thousand dollars had been raised and expended; for besides the pastor's salary \$1050 had been paid for repairs and \$600 given to charities and Missions. The report of the clerk, Miss Clara M. Shelley showed a net gain of 82 members for the year bringing the number of communicants to 209 and which makes the Church 11th in point of membership of its denomination in the state. Mr. H. Matens for the Sunday School reports an average Sunday attendance of 124. All of the other activities showed that a healthy state prevailed.

The following officers were then elected: Donald MacKenzie, J. L. Pipkin and S. P. McCrea, deacons; L. P. Behrens, Sunday School Superintendent; Miss C. M. Shelly, Clerk; C. M. Dossie and Roy W. Cloud, trustees. Mr. Stevens then thanked the officers and members for their loyalty during the past year and the meeting was adjourned.

COURT CONFIRMS SALE OF PART OF COBURN REALTY

An order was made in the Superior Court Tuesday confirming the sale of two tracts of land in Monterey county belonging to the estate of Loren Coburn, the millionaire landowner who was declared incompetent by the courts. The Speckles sugar interests purchased the land, which will be used for the cultivation of sugar beets. The price paid was \$99,316.

Judge Buck recently granted M. J. Hynes, guardian of Coburn's estate, permission to sell all or part of Coburn's Monterey ranch to raise funds to develop his extensive land holdings in the vicinity of Pescadero.

CITY TRUSTEES LISTEN TO COMPLAINTS OF CITIZENS

People Demand That Railway Cease to Disturb Their Slumbers

That residents of the city are no longer disposed to quietly submit to the annoyance of having their slumbers disturbed by the unnecessary "tooting" of the locomotive whistle and the clanging of the warning bells of the trains at all hours of the night, was made evident by the presentation of a very numerous signed petition presented at the meeting of the city council Monday evening, in which the trustees were urged strongly to take decisive steps for the abatement of a practice which is deemed unnecessary and justly classed as an intolerable nuisance. After calling attention to the generally apparent fact that it is the practice of locomotive drivers to indulge in an almost constant blowing of the whistle, often merely for the purpose of signaling to other train hands, especially during the late hours of the night and early hours of the morning, the petition asked that the practice be declared a nuisance and that some legal provision be made for its abatement. Another objectionable practice, to which attention was called in the same petition, is the blocking of street crossings for long periods of time by trains.

Following the reading of the petition Chairman Merrill informed the council that the troubles complained of were already receiving consideration as the result of strenuous correspondence between himself and the railway management and that he had hopes for the speedy abatement of the nuisance. With this understanding the settlement of the matter was left for the present in the hands of Chairman Merrill.

Another seemingly well founded kick along the same lines was presented in a communication from the Gray-Thorning Lumber Company, in which the attention of the council was called to the fact that the services of the flagman at the crossing on Spruce street, a locality in which there is at present much traffic, had been recently dispensed with. This seeming disregard of public safety on the part of the railway company met with strong expressions of disapproval on the part of all of the trustees, some of whom were inclined to insist that gates should be installed at that point. After some discussion Clerk Plump was directed to correspond with the railway management and insist that at least the services of the flagman should be restored.

Marshal Coleman reported that the total receipts of the city for the past month amounted to \$1629.65, divided among the several sources as follows:

Water collections	\$1624.40
Plumbers' fees	30.00
Sewer connections	7.00
Miscellaneous licenses	10.00
Dog licenses	19.00
Taxes	2.00
Trees	2.00
Total	\$1684.40

The monthly reports of City Treasurer Towne presented the usual favorable showing of the business of the municipal water system, which now has a balance of a little more than \$3000 to its credit. The library fund is also shown to be in satisfactory condition, having a balance of \$1114 to the good. While the treasurer finds the cash from some source to promptly meet all claims against the city for running expenses, his report shows that the current expense fund is overdrawn to the extent of \$3455.

After again going carefully over the estimates made at the last meeting, a resolution was adopted fixing the tax rate for the coming fiscal year. Under the resolution the total rate for what is known as the "old town" will be \$1.52, while for the recently annexed portion of the city the rate will be \$1.45. Last year the rate for the old city was \$1.67 and for the new \$1.44.

Marshal Coleman, who as first assistant chief of the fire department, was delegated to attend the annual convention of the fire chiefs of the coast at Tacoma, Washington, presented a detailed report of the proceedings of the convention, which indicated that much information of value to the fire fighters resulted from the conference.

An unusually long list of claims against the city was audited and allowed.

Tapped Wires at the Bell.

Although manager Nathorst has secured some unusually strong programs for next week at the Bell theater, there will be no deviation from the usual popular prices of 5 and 10 cents. For Sunday evening the special feature will be an Essayan production in two reels, "Tapped Wires," full of pleasing and humorous situations. What is probably the strongest special attraction of the week will be shown on Monday and Tuesday evenings, when the strong moral dramatic production, "The Ne'er to Return Road," a drama dealing with the great moral lessons to be drawn from a life given over to worldly pleasures, will be the feature. On Wednesday and Thursday the feature attraction will be based on the old adage that "no house is large enough for two families."

Highway Bond Cash Paid In.

Treasurer P. P. Chamberlain on Wednesday received the sum of \$315,000 from W. R. Staat Company for the purchase of the county highway bonds recently sold to the company by the board of supervisors. Work on several roads of the county will begin very soon. The supervisors will meet next Monday to accept plans and specifications for the new roads from county surveyor Neuman, and a notice to bidders will be advertised and contracts will be awarded by the latter part of October, so that work will be in full swing by the first of November.

DOINGS ABOUT THE COUNTY OFFICES

Matters of General Interest to Litigants Culled from the Public Records.

Final Decrees Granted.

Judge Buck has granted a decree of divorce to Helen Robinson, from her husband George A. Robinson. The interlocutory decree was granted September 12, 1912. Robinson is to pay the plaintiff alimony in the sum of \$25 a month.

Appraisers File Reports.

R. F. Chilcott, appraiser of the estate of C. Mero, deceased, has filed his inventory and appraisement. The total value of the estate is placed at \$4875. It consists of cash in the hands of the administrator amounting to \$575; lot 4, block 4, Redwood City, valued at \$1500; 57 acres of land at San Luis Obispo worth \$2000; lots 4 and 5, block 8, East-ern Addition to the Town of Redwood City, valued at \$300.

Interlocutory Decree Granted.

Judge Buck has granted an interlocutory decree of divorce to Estella J. Blake from her husband Thomas F. Blake, on the grounds of wilful neglect and failure to provide. There is no community property and the minor child, Walter Blake, aged eight months, was given to the custody of the mother. The couple was married at San Bruno on February 22, 1912.

New Actions in Superior Court.

Otto R. Reichardt has brought suit in the superior court against Joe B. Figuera and others to recover the sum of \$375 for rent of 18 acres of land near Holy Cross cemetery. In 1911 defendants leased the property for five years, agreeing to pay \$37.50 a month for it in advance. They have paid no rent since January first of this year and now owe a balance of \$375. Plaintiff also asks for damages in the sum of \$50 and possession of the property.

Coburn Estate Cited in Services Claim

Judge Buck issued a citation yesterday to M. J. Hynes, guardian of the person and estate of Loren Coburn, an incompetent person, to appear in the superior court on Thursday morning, September 25, to show cause why he should not pay Attorney Archer Kincaid fees in the sum of \$15,000. Mr. Kincaid appeared as attorney for Coburn in the incompetency proceedings in the superior court of this county for a period of five years and now asks that sum for such services. Most likely the aged millionaire will object to the payment of the money.

New Building Contracts.

The following builders' contracts were filed in the county recorder's office during the week:

PROMINENT BUSINESS MAN BUYS REDWOOD PROPERTY

That the demand for residence sites in Redwood Highlands is not confined to local investors is shown by the constantly increasing inquiries from people of prominence in other sections of the country, who evidently consider that property not alone as an attractive location for homes but as offering a fine opportunity for speculative investment. This week Mr. Hartman of Crockett, an official of the California-Hwaasian Sugar Refining Company, called at the local office of the George H. Irving Co., owners and agents of Redwood Highlands, and after being shown about the city by Mr. Deleau purchased lots 1, 2, 3 and 4 of block 28, Redwood Highlands. Mr. Deleau also reports the following sales through the local office: Lots 8 and 10, block 46, to Lila M. Kirkpatrick; lot 2, block 29, to Lizzie Hadler; lot 7, block 34, to C. D. Hayward. The sales for the first 15 days in September amounted to over \$20,000.

ELECTRIC RAILWAY GAP TO BE CLOSED

**Rumor Says Road is to be Built
From Palo Alto to San Mateo**

Word comes from San Jose to the
effect that the Peninsula railroad will
soon take up in earnest the linking of
its Palo Alto line with the United Rail-
roads which has a terminal in San
Mateo, thus giving this city electric
car accommodations direct with San
Francisco, says the Palo Alto Citizen.
It is believed that the work is now only
a matter of a few months, although the
fear is expressed that the rainy season
may delay rapid construction. Man-
ager Frank E. Chapin of the Peninsula
line was in Palo Alto Tuesday.

The connecting of the Peninsula rail-
way lines with San Francisco has long
been the ambition of the Southern
Pacific company and since the promo-
tion of Paul Shoup to the head of the
electric lines of the Southern Pacific,
Santa Clara valley has been looked up-
on as one of the best fields for exploita-
tion by electric railroads in the state.
Mr. Shoup being a Santa Clara valley
man and cognizant of its vast resources
and opportunities has given the county
special attention.

It is said that the San Mateo County
Development Association has been urg-
ing the linking of the two systems and
that it has been assured that the day
is not far away when gangs of men will
be seen rushing the laying of track and
linemen erecting the trolley for the
Palo Alto-San Mateo stretch.

Although it has been rumored for
the past week that the recent action of
the railroad commission forcing the
Peninsula line to complete its construc-
tion work near Alum Rock in San Jose,
would deter the activity of the compa-
ny in developing its system in this end
of the county, statements made to The
Citizen by people in a position to speak
with authenticity declare that the Pen-
insula railroad is too well satisfied
with the prospects for business on the
peninsula to overlook any opportunity
to extend its lines or tap new territory.

REDWOOD CITY TEAM TAKES MORE GLORY

Sunday the Redwoods took the Olson
and Mahoney team into camp by the
score of 3 to 1. The game was fast and
snappy throughout, but few hits being
made by either side. Next Sunday
the Hartsook Photo team will be
played. This team was here before
and put up a good game, and as they
have strengthened their line-up con-
siderably a fast game is assured.

Sunday morning the Boys' club was
disappointed by the Hamilton Outlaws'
failure to appear, but two of that team
arriving, so a game was arranged with
several local boys. After fourteen
innings the Boys' club finally came out
on the long end of an 8 to 6 score.
Fitzpatrick featured with a home run.

Next Sunday it is assured that there
will positively be a city team here to
play, at 10 a. m. The Elbees are
scheduled, and when here before a
great thirteen-inning game was played
and prospects point to another fast
and close game, as the teams are
evenly matched.

Codfish Packers Sailed.

An altercation Monday between em-
ployees of the Alaska Codfishing Com-
pany, at the drying plant near the
city, resulted in the stabbing of one
man and the arrest of both men. Peter
Durham and Thomas Mahoney quar-
reled as to the duty of removing some
offal and Mahoney struck Durham, a
much older man. The latter, in
defending himself reached out with a
skinning knife, which was in his hand
and gashed Mahoney in the face and
body. Mahoney grasped for the
weapon and was severely cut on the
hand. Superintendent Haber arrested
both men and brought them to this
city where they were turned over to
the sheriff.

Lawyer Wants Damages.

Charles N. Kirkbride, the city attor-
ney of San Mateo, who was shot by a
bandit who held up a San Mateo car a
year ago and was in the act of robbing
the passengers, has begun suit against
the United Railroads for \$10,000.
Kirkbride claims that the company's
employees were negligent in permitting
the bandit to board the car, and de-
clares the company was made a party
to the crime when the robber forced
the conductor to help him relieve the
passengers of their valuables.
